<sup>1</sup> At its 4<sup>th</sup> session, from 15 January to 2 February 1990, the Committee adopted a new reporting schedule, as approved by ECOSOC in its Resolution 1988/4 of 24 May 1988, to take effect from 30 June 1990. The new reporting schedule had the result of consolidating the procedure of reporting so that three reports for three different sets of articles in the Convention was no longer required. In the case of those states which had submitted initial or periodic reports on only one or two of the three distinct sets of articles, consolidation of the reporting procedure did not eliminate responsibility to submit a further initial or periodic report which would cover the articles missing in previous reports. Hence, the post 1990 reporting schedule might require a further "initial" or similar numbered periodic report.

<sup>2</sup> On 20 May 1994, the Committee on Economic, Social and Cultural Rights requested that a new initial report be submitted by the end of 1994.

<sup>3</sup> In its concluding observations adopted on 19 November 2008, the Committee on Economic, Social and Cultural Rights requested that the State party submit its second, third, fourth and fifth periodic reports in a single document by 30 June 2013.
