OBJECTIONS MADE TO OTHER STATES PARTIES RESERVATIONS AND DECLARATIONS

(Ed. Note: for the text targeted by the following objections, see the Reservations and Declarations of the State which is the subject of the objection)

22 October 2010

With regard to the declaration made by the Islamic Republic of Iran upon accession:

“The Government of the Republic of Latvia has carefully examined the declaration made by the Islamic Republic of Iran to the Convention.

The Government of the Republic of Latvia considers that the declaration contains general reference to national law, making any provision of the Convention subject to the national law of the Islamic Republic of Iran.

Therefore, the Government of the Republic of Latvia is of the opinion that the declaration is in fact a unilateral act deemed to limit the scope of application of the Convention and therefore, it shall be regarded as a reservation.

Moreover, the Government of the Republic of Latvia considers that the reservation named as a declaration does not make it clear to what extent the Islamic Republic of Iran considers itself bound by the provisions of the Convention and whether the manner of application of the rights prescribed by the Convention are in line with the object and purpose of the Convention.

Therefore, the Government of the Republic of Latvia recalls that the provisions of Article 46 of the Convention set out that the reservations that are incompatible with object and purpose of the Convention are not permitted.

Consequently, the Government of the Republic of Latvia therefore objects to the aforesaid reservations made by the Islamic Republic of Iran to the Convention.

However, this objection shall not preclude the entry into force of the Convention between the Republic of Latvia and the Islamic Republic of Iran. Thus, the International Covenant will become operative without the Islamic Republic of Iran benefiting from its reservation.”
